About The Belinda Sue Fund®

The Belinda Sue Fund® for Ovarian Cancer Awareness & Research, Inc. is a 501(c)(3) corporation founded in November 2011 by Thomas S. Nantais following the death of his 52-year-old wife, Belinda Sue Nantais in August 2011. Ovarian Cancer is the deadliest of the women's "below-the-belt" cancers. Most cases (80%) are diagnosed in later stages, and the 5-year survival rate when diagnosed at these stages is only 34%. This is, in part, due to the lack of a reliable screening tool for Ovarian Cancer. The Belinda Sue Fund's mission is to increase awareness of Ovarian Cancer and to fund research organizations in finding a reliable, early-detection tool, thereby saving lives.
