BIOSTRATA

Corrective Repair For Fine Lines and Wrinkles

Instantly Diffuses Lines and Delays Cellular Aging Over Time

Address past, present and future imperfections with a synergistic blend of skin perfecting, rejuvenating and repairing actives.

Formulated with Nobel Prize Winning (Chemistry) Proteolea® Research

Features

An exclusive formula with fast-working skin smoothing actives to lift, tighten and diffuse fine lines and wrinkles. Formulated with an innovative, high-efficacy blend of antioxidant rich botanical extracts that works to prevent oxidative DNA damage and encourage the optimal degradation of cellular waste to help delay skin aging. Provides firming, hydrating and skin renewal benefits.

Skin regains a healthy glow and youthful radiance.

Three steps to smoother and younger looking skin.

- 1 Instantly fill in past imperfections with skin smoothing Liftonin® and Cosmetic Powder**
Help lift, tighten and diffuse fine lines and wrinkles.
- 2 Neutralize present lifestyle and daily environmental damages with Ferulic Acid**
A potent antioxidant that assists in cellular skin repair and protection from DNA oxidation.
- 3 Activate the skin's natural recycling system with Proteolea®**
Help delay future cellular skin aging and the onset of fine lines, wrinkles, dehydration and loss of skin clarity.

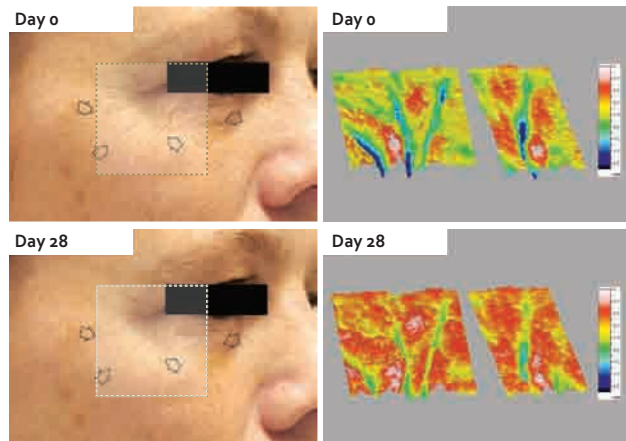

Self-Assessment Evaluation (Wrinkle Reduction with Proteolea®)

Proteolea®

Activates the skin's natural recycling system

Counteracts the effects of aging by delaying cellular aging and enhancing skin's antioxidative defense system

- A synergistic blend of Olive Leaf Extract, Jujube Extract and Levan (polysaccharide) that shows remarkable anti-wrinkle effects with a reduction in 17% of wrinkle depth in 28 days
- Rejuvenates the appearance of the eye area by six years within 4 weeks
- Markedly improves signs of premature skin aging such as skin roughness, hydration and reduced cellular renewal

With twice daily application (28 Days). Individual results may vary.

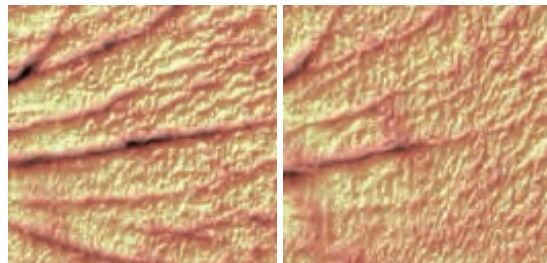

Self-Assessment Evaluation (Instant Wrinkle Micro Relief with Liftonin® and Cosmetic Powder®)

Liftonin® and Cosmetic Powder®

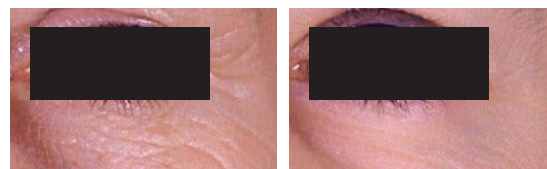

Help lift, tighten and diffuse fine lines and wrinkles.

Fast-working skin smoothing actives work to help lift, tighten and diffuse fine lines and wrinkles for a flawless base prior to makeup application.

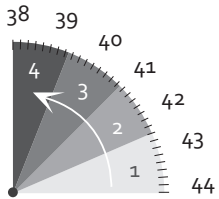

- **Liftonin®** A broad spectrum wrinkle smoothing active that improves the micro-relief of fine lines and reduces the appearance of skin roughness for instant wrinkle minimization, up to 74% less wrinkles in 1 hour
- Helps to smoothen wrinkles at the forehead and crow's feet
- **Cosmetic Powder®** Provides a silky, smooth superior skin feel with wrinkle masking benefits as well as fluid, oil and sebum absorption capabilities
- Helps to diffuse the appearance of skin imperfections for a more uniform, perfected skin texture

Up to 74% Anti-Wrinkle Reduction Effect In 1 hour!
Wrinkles are simultaneously filled out from inside.

Instantly diffuses the appearance of fine lines and wrinkles for a more uniform, perfected texture.

Younger by 6 years in 4 weeks!

Areas of Application

Forehead, brow and temple

Undereye, cheek and

Lip and jaw

Rejuvenates Appearance of the Eye Area

For Younger Looking Skin by 6 years Within 4 weeks!

Instant Wrinkle Minimization

Up to 74% less wrinkles in 1 hour!

Reactivates Optimal Cellular Recycling

Up to 17% less wrinkles in 28 days!

Result of UV, Heat, Stress, Chemical Damage

- Inactive Proteasome
- Accumulation of Damaged Proteins
- Loss of Homeostasis
- Premature Senescence

- First Signs of Aging
- Reduced Survival upon Stress
- Dry Skin, Fine Line and Wrinkles
- Reduced Skin Thickness
- Age Pigments

With Application of Proteolea®

- Active Proteasome
- Degradation of Damaged Proteins
- Long Term Homeostasis
- Young Morphology/Proliferation Capacity

- Anti-Aging
- Hydration, Wrinkle Reduction
- Skin Smoothness, Renewal
- Skin Complexion, Radiance

A three-step intensive wrinkle correcting system...

- Lifts, Tightens and Diffuses Fine Lines and Wrinkles
- Delays the Formation of Oxidized Proteins and Causes of Aging
- Combats Aging Synergistically with Instant Lifting and Long Term Remodelling

For All Skin Types

Ages 25 and above to help delay and address signs of aging for skin that is visibly and perceivably smoother with renewed clarity and restored radiance

Actives

Proteolea® A synergistic blend of Olive Leaf Extract, Jujube Extract and Levan (polysaccharide) that shows remarkable anti-wrinkle effects and counteracts the effects of aging by delaying cellular aging and enhancing the antioxidative defense system

Liftonin® A broad spectrum wrinkle smoothing active that improves the micro-relief of fine lines and reduces the appearance of skin roughness

Ferulic Acid A potent antioxidant and naturally occurring phenolic compound found primarily in plant cell walls that can help diminish DNA oxidative damage, the leading cause of skin aging. Antioxidants are chemicals that protect cells by neutralizing external forces (such as damage from the sun, pollution, wind and temperature) and internal factors (such as emotions, metabolism) and assist in skin repair and the strengthening of blood vessels

Cosmetic Powder Provides a silky, smooth superior skin feel with wrinkle masking benefits and helps to diffuse the appearance of skin imperfections for a more uniform, perfected skin texture

Directions

(Morning) Dispense 3 - 4 "pumps" and apply after cleansing, toning, moisturizing and sunblock application. Gently smooth over the skin and pat until fully absorbed. Wait a few minutes prior to applying makeup. (Night) Dispense 3 - 4 "pumps" and apply as the last step of your nightly skin care regimen
