## Collagen - The key to youthful skin

for all skin types

Collagen loss is the main reason for the deterioration of skin quality. Collagen, the maintainer of skin structure and elasticity, declines gradually after the age of 18, and the collagen synthesis rate drops dramatically at the same time too.

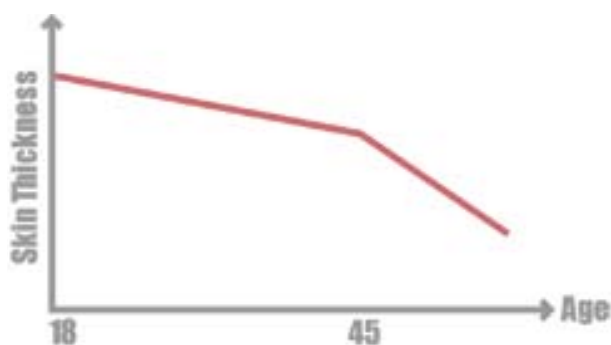

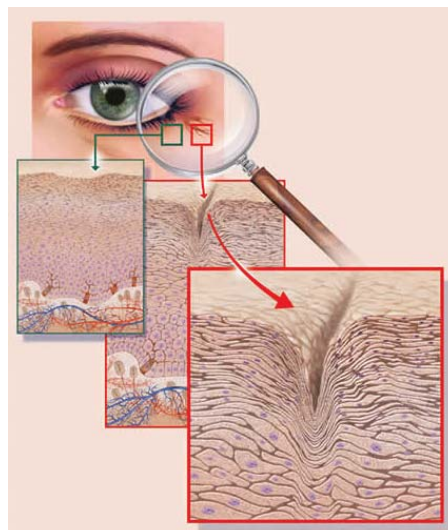

Therefore, the key to maintaining youthful skin is to stimulate the collagen regenerating ability of skin. Other than mere supplementation of collagen. Youth Essence Mist is the secret to anti-aging!

### Collagen loss statistics

- + Collagen production decreases 1% per year, starting at age 18.
- + Skin decreases in thickness (created by collagen) by 7% every ten years.

### After menopause:

- + Skin thickness declines as much as 1.13% per year
- + In the first 5 years, women lose as much as 30% of their skin collagen
- + Skin elasticity declines 0.55% per year

**directions** Apply after cleansing and toning. Dispense 3-5 pumps of product directly on to the face. Gently pat into the skin and let dry before applying moisturiser, sunblock or makeup. If desired, spray over makeup for enhanced lifting.

# Youth Essence Mist

Revitalises dull, lackluster skin and redefines sagging facial contour

**Features** | A concentrated peptide formulation that provides lifting and repair benefits in an easy to use spray applicator. Can be used after makeup to provide a lock-in effect.

**Actives** | Rose Floral Water | Dynalift™ | Soluble Collagen | Argireline (Acetyl Hexapeptide-3) | Matrixyl® (Palmitoyl Pentapeptide-4) | Collaxyl (Hexapeptide-9) | Panthenol | Hyaluronic Acid

**Rose Floral Water** | Anti-inflammation and calming benefits

**Dynalift™** | An invisible film to smoothen the features immediately and lastingly. Smooth the wrinkles within 5 minutes.

**Soluble Collagen** | An excellent water binding ingredient that holds the skin's natural hydration, keeping the skin looking soft and plump. It has high quantities of four amino acids, proline, lysine, hydroxylysine and hydroxyproline.

**Argireline (Acetyl Hexapeptide-3)** | Relaxes wrinkles in 30 days. Inhibits the release of neurotransmitters. When applied to the skin, Argireline relaxes facial tension, leading to the reduction in facial lines and wrinkles with regular use.

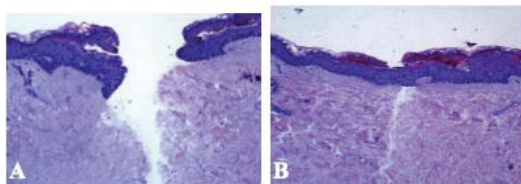

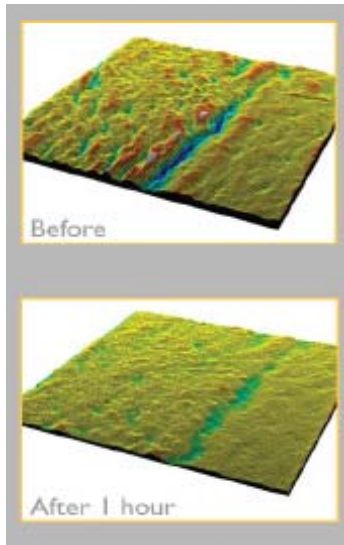

**Matrixyl® (Palmitoyl Pentapeptide-4)** | Palmitoyl Pentapeptide has shown great results in synthesizing collagen and produces more hyaluronic acid in the body which is useful in repairing and connecting tissues.

Increase in the synthesis of overall collagen by as much as 117%. Also shown to increase hyaluronic acids by as much as 267%.

**Collaxyl (Hexapeptide-9)** | Collaxyl is a peptide which in a nutshell forces skin to heal itself. It plays the role of a messenger that quickly triggers the skin into regeneration of its damaged cells.

**Panthenol (Pro Vitamin B5)** | Provides hydrating, moisturizing, and protective benefits.

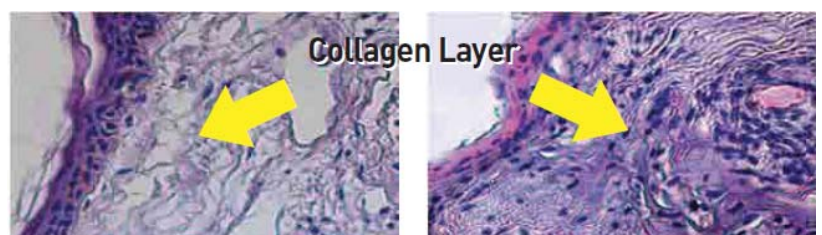

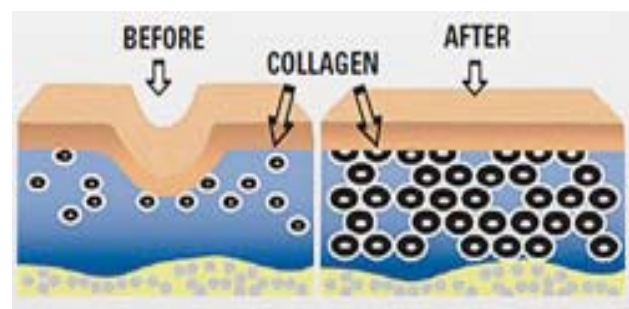

**Hyaluronic Acid** | Hyaluronic acid is a highly effective humectant, (an ingredient that holds moisture) and is often used in formulas providing effective skin surface hydration.
