

1 Beyond™ LTO NetDrive™

Universal LTO Auto Off-Load, Review or Restore

Industry's First Truly Universal and Totally Portable (AC or DC) LTO Appliance
-- Attach to any System, Mac or PC, Desktop, Laptop or Storage --

The **1 Beyond™ Wrangler LTO NetDrive™** is a unique, innovative and cost effective solution for video professionals who want to Archive, Review or Restore to or from LTO-5/6 digital tape (using the new LTFS file system), On Set, in the Field or in Editorial. The process is **Automatic** using the Award-Winning **1 Beyond Wrangler Auto Duplicate and Verify** software and **Universal** using a standard Ethernet connection to attach to host system or use standalone.

1 Beyond LTO NetDrive
Note the compact size
compared to an LTO tape

- **Set up the Automatic Off-Load process from your Mac or PC.** Once the desired Source and Destinations are selected, the rest is totally automatic.
- **Optional Automatic Encoding while ingesting** to most major uncompressed and compressed 2D/3D formats including DPX, MOV, CineForm 3D, and many more.
- **Off-load multiple media types - standalone:**
 - **1 Beyond GoHDMag™ recording magazines**, the solid state high performance storage used in **1 Beyond**
 - From any device connected to the **Wrangler LTO NetDrive's** high performance ports including; 4xUSB 2, 2xUSB 3 and eSATA.
 - From any device connected to the PC or Mac host system.

1 Beyond Wrangler Software
running on Mac

- **Built-in Media Players for reviewing video** -- The **Wrangler LTO NetDrive** can be connected to a DVI or HDMI 2D or 3D monitor independent of any host computer. The internal high performance processor is capable of playing back compressed or uncompressed video for review.
- **Compatibility with the entire line of 1 Beyond Wrangler systems** -- the **Wrangler LTO NetDrive** is part of the industry's only compatible end-to-end 2D/3D workflow Product Line.
- Also available in Rack Mount chassis.
